

Think outside

the toolbox.

Triton Products tool organization and management programs are currently being utilized in over 13,000 OEM certified service centers worldwide.

Through the development of Triton's custom tool organizational programs, creation of storage solutions for more than 5300 different styles and sized tools, the production of more than 6.5 million tool holders has enabled Triton Products to create its highly effective and flexible DuraHooks® and DuraLoc product lines.

Triton Products always guarantees customer satisfaction!

DuraHook®

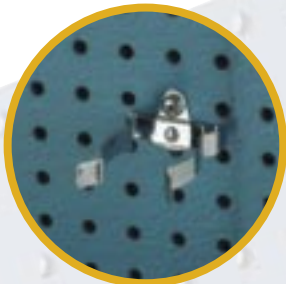

DuraHook®

Advantages to our newly patented DuraHooks

- Fits both 1/8" and 1/4" standard peg-board, perforated hardboard, tempered peg-board and perforated poly sheets just by changing the locking screw. (Included in each pack.)
- Each hook can be mounted in four different and unique mounting positions, making them capable of accommodating virtually any tool, or accessory.
- DuraHooks® unique double locking mechanism insures they will always stay put and never fall even after repetitive use or relocation.
- No longer put up with light duty hooks of .125 diameter just because you have 1/8" peg-board. DuraHooks are produced using either .18 or .25 stock.
- 27 styles of hooks offering up to 45 pounds hold rating.

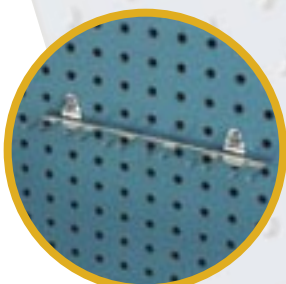

Triton's DuraHooks have set new standards for pegboard storage systems

DuraHook Spray Can Holder

DuraHook Double Rod Hanger

DuraHook Multi-Prong Tool Holder

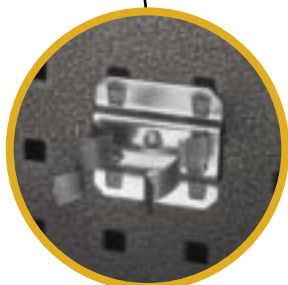

DuraLoc®

DuraLoc®

Patented Two and four-point locking system

Have the ultimate confidence with Triton Products DuraLoc system for all of your tool and storage organizational needs.

- Heavy duty welded construction for years of heavy duty holding power.
- Patented 2 and 4 point contact lock hanger attaches to the board for metal to metal holding confidence.
- Fully load tested to hold up to 95 pounds for your largest and heaviest tools.
- 37 types of LocHooks with the ability to mount securely in 4 positions.
- Use with our LocBoard & LockStrip family of products. Never worry about these hooks coming loose or falling out.

DuraLoc Spring Clip

DuraLoc Double Rod Hanger

DuraLoc Multi-Prong Tool Holder

DuraLoc Closed End Loop Holder

Triton Swing Panel Systems

Advantages to our newly patented DuraHooks

Each double-sided swing panel system is design to fit a large amount of tooling into a fraction of the normal required storage space. Tritons turnkey systems offer flexibility in layout, placement and unlimited growth capabilities.

Models available for installation over workbenches and up to a full 72" height for stand-alone wall mount applications. Incorporate the DuraBin Clip into your system for loose parts control.

Tool Organization & Management Programs

With Tritons custom tool organization and management programs locating the right tools takes just second, not several minutes or hours.

Tritons trademarked life-sized imaging of products and tools to be stored is legendary. Our ergonomically designed programs have been credited with lower production down time, increased service through put, reductions in tool replacement costs, decreased out lay of warrantee re-work dollars And most importantly decreased liability exposure caused by improper repairs.

DuraCraft® Organization Center

Complete turnkey kit comes with everything you'll need, except the tools. (Requires no special tools or skills for installation)

This system offers 8 square feet of secure storage space and an assortment of 22 locking pegboard hooks. DuraCraft centers include 1/8" perforated tempered hardboard, offering superior holding power over normal pegboard. Suitable for light tool and craft storage.

LocBoard® & LocBoard Professional

Offering Heavy-Duty storage solutions that will always insure the ultimate in holding strength. LocBoards are formed using a patented boxed construction with internal ribbed support members.

Boards are designed so that mounting hardware is hidden from sight, presenting a clean attractive and durable appearance.

DuraBoard

Polypropylene peg board. 1/4" thick. Greater holding power than traditional pegboard. Durable, weather resistant and washable. No cracking or breaking under normal use. Accommodates entire line of 70000 series DuraHooks. Mount with SK-70012 Spacer Kit.

Part Number	Description	Hole Size	Hole Spacing	Size
DB-1	Translucent White	9/32"	1" O.C.	24"x24"
DB-2	Translucent White	9/32"	1" O.C.	24"x48"

Pegboard, Plywood and Duraboard Spacer System

Wall mount spacer kit. Totally eliminates framing hassles and expense. Requires no special tools. Includes #12, 1 1/2" length wood screws, plastic wall anchors and 3/8" steel wall spacers.

Part Number	Creates Space	Spacer Diameter	Qty./Pack
SK-70012	3/8"	1-3/16"	12 Sets

Triton Swing Panel Systems

Double side heavy duty steel frame construction. Mounts to cement block or wood stud environment. Wood stud installation will require 2"x6" header (not provided). Hardware and instructions included for ease of installation. When installing multiple swing panels, spacing required dependent on size of tools protruding from each board. Custom tools may require additional space according to width of tools. 1/4" thick tempered pegboard included. Turn Key System requires assembly. Accommodates entire line of 70000 series DuraHooks.

Part Number	Total Surface Area	Swing Radius	Finished Size	Load Rating**
B-1	16 Sq. Ft.	33"	24" w x 48" h	205 Lbs.
D-1	32 Sq. Ft.	56"	48" w x 48" h	410 Lbs.
W-1	64 Sq. Ft.	56"	48" w x 72" h	575 Lbs.

DuraLoc Boards*

Heavy Duty Tool Storage Solution. Used in conjunction with All LocHook products. Camouflaged mounting system. Box construction for heavy tool storage. LocBoards can be added to accommodate growth, heavy tools etc...

Part Number	Description	Depth	Size	Gauge	Load Rating**
LB1-W	White Epoxy Powder Coat	9/16"	24"x24"	18 Ga.	300 Lbs.
LB2-W	White Epoxy Powder Coat (Mounts vertical or horizontal)	9/16"	24"x42.5"	18 Ga.	400 Lbs.

DuraLoc Strips

Tool holder and Bin Caddy. Accommodates all DuraLoc hooks and bins designed for hanging. Also hang heavy tools or yard tools. Built-in low profile spacer system for ease of installation.

Part Number	Description	Size	Gauge	Load Rating**
LS-1B	Blue Epoxy Powder Coat	24" metal strip	18 Ga.	80 lbs.
LS-2B	Blue Epoxy Powder Coat	48" metal strip	18 Ga.	130 lbs.

LocBoard Low Profile*

Patented Flush Mount Board for Simple Installation. Ergonomic design for use in office, home, and work areas. Recommended for craft and hobby enthusiasts. Flexible to form to surfaces of vans, cars, trucks. Uses full line of 50000 series LocHooks. Hangs vertical or horizontally. Built-in spacer system.

Part Number	Description	Space from Wall	Size	Load Rating**
LP1-B	18 Ga. Blue Epoxy Powder Coat	1/8"	23-3/4"x23-3/4"	275 lbs.
LP2-B	18 Ga. Blue Epoxy Powder Coat	1/8"	23-3/4"x47-1/2"	375 lbs.

LocBoard Professional Organization Kit

Includes two LB-2W 24"x42.5" White Heavy-Duty Boxed Construction Metal Boards, 32 piece assortment of LocHooks with locking screws and 2 Akro-Mils 30210 Bins.

Part Number	Description	Storage Space	Load Rating**
LB2-W Kit	18 Ga. White Epoxy Powder Coat	15.54 Sq. Ft.	400 lbs/panel

DuraCraft® Organization Center

Complete with two 24"x24" by 1/8" thick tempered peg-boards. Includes and assortment of hooks (22) and hardware needed to mount to hollow and stud walls.

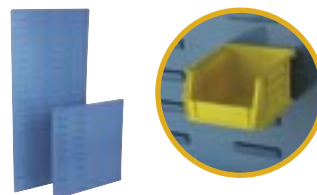

Part Number	Description	Size Each	Storage Space	Quantity Per Kit
DC1	Tempered Peg-Boards	24"x24"x1/8"	8 Sq. Ft.	2

BinBoards® Louvered Panels*

Ideal for hanging plastic bins for small parts storage and organization. Flexible to accommodate flat and curved surfaces. Ideal for service vehicles.

Part Number	Description	Louvers	Size	Load Capacity**
LV-48S	18 Ga. Epoxy Powder Coated	48	23-3/4"x23-3/4"	160 Lbs.
LV-96H	18 Ga. Epoxy Powder Coated	96	47-1/2"x23-3/4"	210 Lbs.

Note: *All metal boards and shelves are epoxy coated. **Load ratings are based on proper mounting to solid concrete wall systems.

DuraHooks

Pegboard style hooks. Only hook designed for use with 1/8" or 1/4" pegboard or poly board Hooks fasten tight so your tools and accessories stay put
